

THE FLAG OF THE PEACE&LOVE GLOBAL VILLAGE

Action:

In a piece of cotton (30cmx30cm) draw, paint and/or write expressing your urgent demand for peace and love in the whole World. No to wars, crimes, hunger, destruction of our planet, destruction of human beings (special children), etc. In our Global Village we want LOVE&PEACE.

This piece of art can be done by a family while talking about the need of peace&love. Schools may also participate by creating several pieces. Professional painters and amateurs are equally welcome.

Write on the back of the painting your name(s) and country.

Next:

Send your painting rolled in a tube or as a parcel by airmail to:

Victor Vidal
Koldinggade 9, 2 th.
2100 Copenhagen Ø
Denmark

And thereafter send an e-mail to vvv@imm.dtu.dk, telling you have sent the painting and attaching a photo of your art work.

Then:

You can invite people in your network to participate in this event.

Time period:

1.10.2009 to 1.3.2010

Purpose:

In March I will sew together all the paintings I have received, to a big flag belonging to the Peace&Love Global Village. Then I will propose this flag to be shown in some art exhibitions here in Denmark or abroad. Finally, at the very end I will donate this flag to an organization working for peace and love.

Ps.:

The idea of this project was inspired by a similar project carried out recently in Argentina, see further:

The difference is that this project starts as a virtual project in the Global Village.
